

# G15 CELEBRATION OF SUCCESS 2021

## OUT OF THE DARKNESS

**Last year Covid 19 prevented us from taking the annual G15 Celebration of Success to Gloucester Cathedral. Thanks to the wonders of technology the event went online.**

Sadly Covid 19 still prohibits a live event and so, building on the success of last year year, the G15 Celebration of Success 2021 will, once again, be hosted on the internet.

So, the G15 Virtual Celebration of Success 2021 will take the form of a video premiering on **Monday 12th July at 7pm** on the [Chosen Hill Website](#). This year the video will be entitled 'Out of the Darkness' to signify the hope that students have in there being better times ahead. The video will showcase performances from each of the 15 educational institutions which, collectively, form the G15 Partnership, along with art work from some of them and can be accessed via the link below.

*Note: The video will only be visible from Monday 12th July at 7pm and so will not be able to be viewed before that date. However, the video will remain on the Chosen Hill website thereafter and so can be accessed at the viewer's convenience.*

Please promote this partnership event as widely as you can and on as many platforms that are available to your school or college, using the splash card which will be forwarded to you in the near future. The link will remain throughout so can be shared in advance: [chosenhillschool.co.uk/g15-celebration-of-success-2021/43638.html](https://chosenhillschool.co.uk/g15-celebration-of-success-2021/43638.html)

Also, we are continuing to encourage G15 institutions to promote their creative work, performance, art work etc by sharing such pieces across the Partnership, through the use of the hashtag **#G15Together** when doing so. Using the hashtag is a great way to promote and curate the talents within this creative Partnership

We'd like to say a huge thankyou to all of the students for participating and to all of of the institutions for helping create such a great event. We hope you enjoy watching as much as we've enjoyed working on the project.
